EDITED CONFERENCE PROCEEDINGS

The 1st International Conference of NIGERIA STATISTICAL SOCIETY

Theme: Statistical Research and Its Applications

HELD AT CONFERENCE CENTRE, UNIVERSITY OF IBADAN, IBADAN, NIGERIA
(3RD – 6TH APRIL, 2017)

EDITED BY:

Prof. N. N. Nuamah	Prof. Dr. K. Ulm	Prof. O. E. Asiribo	Prof. B. A. Oyejola
Prof. M. A. Chiawa	Prof. T. O. Obilade	Prof. T. A. Bamiduro	Prof. S. U. Gulumbe
Prof. G. O. Amahia	Prof. I. D. Essi	Prof. M. E. Nja	Prof. K. S. Adekeye
Prof. F. I. Ugwuowo	Dr. W. B. Yahya	Dr. O. I. Shittu	Dr. A. K. Olapade
Dr. A. Yahaya	Dr. M. K. Garba	Dr. F. J. Ayoola	Dr. O. S. Oyamakin
Dr. K. Rauf	Dr. K. O. Obisesan	Dr. A. U. Chukwu	Dr. C. G. Udomboso

EDITOR-IN-CHIEF/CHAIRMAN, EDITORIAL BOARD

Dr. Waheed Babatunde Yahya

Associate Professor of Statistics

N.C.E.(Ila-Orangun); HDPAA (Kwara Poly.); B.Sc., M.Sc. (Ilorin); PGDFM, MBA (Ado-Ekiti); Ph.D. (Munich)

Department of Statistics, University of Ilorin, PMB 1515, Ilorin, Nigeria.

E-mail: wbyahya@unilorin.edu.ng; dr.yah2009@gmail.com

No part of this publication may be reproduced, stored, or transmitted in any form or by any means without the prior permission in writing from the copyright holder, the Nigeria Statistical Society. Authorization to photocopy items for internal, personal and research use is granted by Nigeria Statistical Society for libraries and individuals. This authorization does not extend to other kinds of copying for general distributions, for advertizing or promotional purposes, for creating new collective works, or for resale.*

Disclaimer: The publisher, the Nigeria Statistical Society, and Editors cannot be held responsible for errors or any consequences arising from the use of information contained in this edited conference proceedings. The views and opinions expressed therein are those of the respective authors and they do not necessarily reflect those of the publisher, the Nigeria Statistical Society, and the Editors.

Membership: The membership of the Nigeria Statistical Society include Academics, Researchers and Professionals in the Universities, Polytechnics, Colleges of Educations, Research Institutes and Government Agencies who possess a minimum of first degree or its equivalent in Statistics, Mathematics, Computer Science, Economics, Engineering, Medical and Life Sciences, Earth Sciences and the like from recognized Universities, Polytechnics or their equivalents.

The Goal: The goal of the Nigeria Statistical Society is to promote statistical research and its applications in Nigeria.

The Vision: The vision of the Nigeria Statistical Society is to advance statistical research and its application through conferences and workshop, publication of high quality statistical journals and edited proceedings, and disseminating the research results to meet the government, industry and societal needs.

The Mission: The mission of the Nigeria Statistical Society is to be a society that contributes to the development of the nation through advanced statistical research that benefits the decision makers, policy advisers, industrialists and the investors in Nigeria.

Official web site: The official website of the Nigeria Statistical Society is www.nss.com.ng

Contact e-mail address: nigstat@gmail.com

Banker: First City Monument Bank (FCMB), *Account Name* - Nigeria Statistical Society, *Account Number* – 4010366010.

Sponsorship: The First International Conference of the Nigeria Statistical Society was partly sponsored by Python Software Foundation (PSF), United States of America (USA) and MTN Nigeria. The society deeply appreciates and acknowledges these two organizations for their financial supports.

Citation/Referencing: Papers published in the edited proceedings of the Nigeria Statistical Society can be referenced using the examples below:

- ii. Muhammad M. U.; Asiribo O. E.; Sohail M. N.(2017). Application of Logistic Regression Modelling using Fractional Polynomials of Grouped Continuous Covariates. *Proceedings of 1st International Conference of Nigeria Statistical Society*, 1:144-147, edited by Nuamah et al.

TABLE OF CONTENTS

S/N	TITLES OF PAPERS	PAGE
1:	A Sensitive Survey Model for HIV Seroprevalence Research <i>A. Usman; M. Baba; S. A. Damisa</i> -----	1-6
2:	A Note On The Transmuted Weibull-Rayleigh Distribution <i>A. Yahaya; T. G. Ieren</i> -----	7-11
3:	Fitting of Seasonal Autoregressive Integrated Moving Average to the Nigerian Stock Exchange Trading Activities <i>N. O. Adebayo; I. Fagoyinbo</i> -----	12-16
4:	Specification of GARCH Model In The Presence of Asymmetric Innovations <i>O. I. Shittu; O. E. Adeniji; K. A. Adepoju</i> -----	17-21
5:	Some Inferences on Odd Generalized Exponential-Rayleigh Distribution <i>A. Yahaya; N. Umar</i> -----	22-25
6:	Transmuted Kumaraswamy-Inverse Exponential Distribution and its Properties <i>A. Yahaya; A. S. Mohammed</i> -----	26-29
7:	On Economic Data Reconciliation Using Some Benchmarking Models <i>I. O. Ajao; F. J. Ayoola; J. O. Iyaniwura</i> -----	30-35
8:	A modified Statistical Estimation Algorithm for Partially Observed Diffusion Epidemic Models <i>A. H. Aliu; A. A. Abiodun; R. A. Ipinyomi</i> -----	36-40
9:	Modeling Structural Relationships of Exchange Rates of Naira to Some Foreign Currencies <i>M. K. Garba; W. B. Yahya; H. T. Babaita; A. W. Banjoko; A. Q. Amobi</i> -----	41-47
10:	On the Development of Robust Distributed Lag Model With Non-Normal Error Term <i>O. O. Olufolabo; O. I. Shittu; K. A. Adepoju</i> -----	48-53
11:	Measuring Deviance Goodness-of-Fit for Poisson Regression Model with Application to Count Data in Medicine <i>I. O. Ajao; A. A. Ogunde</i> -----	54-58
12:	Bayesian Change-Point Modelling of Rainfall Distributions In Nigeria <i>W. B. Yahya; K. O. Obisesan; T. M. Adegoke</i> -----	59-63

S/N	TITLES OF PAPERS	PAGE
13:	The Generalized Beta Modified Weighted Exponential Distribution: Theory and Application <i>N. I. Badmus; A. A. Olufolabo; T. A. Bamiduro</i> -----	64-70
14:	Performance Evaluation of Some Estimators of Linear Models with Multicollinearity and Non-Gaussian Error <i>W. B. Yahya; M. K. Garba; A. G. Ajayi; K. A. Dauda; O. R. Olaniran; N. F. Gatta</i> -----	71-77
15:	Development of New Information Criterion for Model Order Determination in Time Series Modeling <i>O. I. Shittu; E. A. Adeyemo; O. S. Yaya; F. J. Ayoola; T. I. Shittu</i> -----	78-82
16:	Ratio and Product Estimators: New Strategies with Unknown Weight for finite Population <i>A. Audu; O. O. Ishaq; T. O. James</i> -----	83-86
17:	On The Estimation of Households Characteristics Using Two-Stage Sampling Scheme <i>O. A. Ayansola; E. O. Ogunjobi; J. T. Olajide</i> -----	87-89
18:	Theoretical Analysis of Odd Generalized Exponential-Inverse Exponential Distribution <i>A. Yahaya; B. Abba</i> -----	90-94
19:	On The Comparison of Some Link Functions In Binary Response Analysis <i>S. A. Damisa; F. Musa; S. Sani</i> -----	95-99
20:	Modeling Impact of Interest Rate On Currency In Circulation In Nigeria <i>G. I. Onwuka; A. W. Babayemi</i> -----	100-103
21:	Multiclass Response Feature Selection and Cancer Tumour Classification with Support Vector Machine <i>A. W. Banjoko; W. B. Yahya; M. K. Garba; O. R. Olaniran; L. B. Amusa; N. F. Gatta; K. A. Dauda; K. O. Olorede</i> -----	104-109
22:	On The Optimum Estimator of Some Modified Ratio and Product Estimators <i>U. K. Abdullahi; A. Yahaya</i> -----	110-113
23:	Evaluation of The Most Appropriate Trend Models In Forecasting Some KRPC Products <i>I. O. Olatunji; A. A. Adepoju; A. Ahmed; S. A. Abdulmuaymin; J. Tolulope</i> -----	114-118
24:	Application of Non-Parametric Methods to Local Paddy Rice Yield in Funtua Senatorial District of Katsina State, Nigeria <i>K. Abdulkarim; J. Y. Kajuru</i> -----	119-123

S/N	TITLES OF PAPERS	PAGE
25:	Estimation of Dynamic Panel Data Models with Autocorrelated Disturbance Term: GMM Approach <i>J. T. Olajide; O. A. Ayansola; I. F. Oyenuga</i>	124-127
26:	Seemingly Unrelated Regression (SUR) Modeling of Productions and Sales of Carbonated Soft Drinks In Nigeria <i>W. B. Yahya; S. O. Awoyemi; O. R. Olaniran</i>	128-133
27:	Analysis of Sales Data for Decision Making Using Association Rules <i>O. O. Oladimeji; O. O. Catherine; G. Mutiu</i>	134-138
28:	Developing a Javelin Throw as a Computer Experiment using Orthogonal Array Latin Hypercube Design <i>K. A. Osulale; W. B. Yahya</i>	139-143
29:	Application of Logistic Regression Modelling using Fractional Polynomials of Grouped Continuous Covariates <i>M. U. Muhammad; O. E. Asiribo; M. N. Sohail</i>	144-147
30:	Artificial Neural Networks Techniques for Competing Risks Modelling in Double-Blinded Randomized Clinical Trial <i>K. A. Dauda; W. B. Yahya</i>	148-155
31:	Application of Bootstrap Data Generating Processes on Nigerian Capital Market Data <i>C. K. Acha; I. A. Acha</i>	156-161
32:	Pharmacokinetics Modelling using Frequentist and Bayesian Non-Linear Mixed Effects Models: A Simulation Study <i>I. A. Adeniyi; W. B. Yahya; C. P. Ezenweke</i>	162-167
33:	Effect of Statistical Process Control For Monitoring Seeds Production: A Case Study <i>H. G. Dikko; H. Muhammad</i>	168-173
34:	A Note on Generalized Weibull-Rayleigh Distribution With Its Applications <i>A. Yahaya; A. A. Yohanna</i>	174-178
35:	On the Approximation of Pareto Distribution to Exponential Distribution using the Gini Coefficient of Inequality <i>W. B. Yahya; M. K. Garba; L. Amidu; K. O. Oloredo; N. F. Gatta; L. B. Amusa</i>	179-184
36:	An Investigation of Parametric and Nonparametric Bootstrap Data Generating Processes <i>C. K. Acha</i>	185-190

S/N	TITLES OF PAPERS	PAGE
37:	Modelling Dollar - Naira Exchange Rate In Nigeria <i>I. O. Ajao; O. S. Obafemi; F. A. Bolarinwa</i>	191-198
38:	Intercensal Prediction of Nigeria Population Based on Growth Models with Hyperbolic Restrictions <i>S. O. Oyamakin; O. D. Osanyintupin</i>	199-203
39:	Effects of Outliers and Multicollinearity On Some Estimators of Linear Regression Model <i>S. A. Ibrahim; W. B. Yahya</i>	204-209
40:	A Study on Weibull-Burr XII Distribution and its Properties <i>A. Yahaya; M. Sa'ad</i>	210-214
41:	Modified State Space Modelling with Nonlinear State Equation <i>R. A. Yemitan; O. I. Shittu</i>	215-219
42:	Modelling Conditional Volatility and Mean Reversion in Nigerian Stock Market using Symmetric and Asymmetric GARCH Models <i>M. A. Chiawa; D. A. Kuhe</i>	220-225
43:	Partial Least Squares-Based Classification and Selection of Predictive Variables of Crime against Properties in Nigeria <i>K. O. Oloredo; W. B. Yahya; A. O. Garuba; W. B. Banjoko; K. A. Dauda</i>	226-230
44:	Discriminant Analysis on Factors that Determine the Type of Women Hairstyles <i>S. Jabaru; T. Salami; K. Jimoh</i>	231-235
45:	Stability Analysis of Some Fixed Point Iterative Procedures <i>K. Rauf; D. J. Raji; B. Y. Aiyetan; O. R. Zubair</i>	236-240
46:	Factorial Analysis of the Effect of NPK Fertilizer: An Application to the Yield of White Yam <i>O. P. Popoola; M. A. Afolabi</i>	241-244
47:	Bayesian Probabilities and Odds Ratio Analysis <i>M. E. Nja; G. M. E. Nja</i>	245-247
48:	A Comparison of Powers of Some Tests for Heteroscedasticity in Non-Linear Models <i>I. F. Oyenuga; B. A. Oyejola</i>	248-251
49:	Neural Network Regression for Modelling the Effects of Selected Soil Physico-Chemical Properties on Adsorption <i>C. G. Udomboso; N. Nzelu; B. I. Olu-Owolabi</i>	252-256

EDITORIAL SUMMARY

Total Submission Received and Peer-Reviewed = **68** Manuscripts
Total Manuscript Accepted by Peer-Reviewers = **49** Manuscripts (about 72%)
Total Manuscript Rejected by Peer-Reviewers = **19** Manuscripts (about 28%)
Acceptance Rate = 72%; Rejection Rate = 28%
